Suggested color guide for the 12 colors:

1. Cream Yellow
2. Seacrest
3. Lavender
4. Leaf Green

5. Mint Green
7. Violet
8. Brass
9. Flesh Pink

10. Pink
11. Deep rose
12. Yellow

PLEASE NOTE: There are additional color changes in the design as to allow you to be more creative with your colors and to be able to create a beautiful design. Bring extra thread colors to use.

4. Stabilizers – enough for the required hoopings on your machine. I recommend you use a tear away sticky because of the multiple hooping and the technique that I will be teaching you.
5. A fusible embroidery interfacing to fuse to the back of your item to help stabilize the area. I recommend something like Soft and Sheer, or Jenny Haskins Sheer Magic Plus
6. Bobbins, marking pen or chalk, ruler
7. I will have the templates used to stitch out the design for you in class
