Class Supply List

BOOK AND DESIGNS:

You will need to purchase the *When Dreams Flower* book by Jenny and Simon Haskins. If you do not already own the book you can pre-order it from the store for the class. The book **does not include** the designs; instead it has a wonderful instructional DVD that will show you each technique we will be using in the making of the quilt. You will have to purchase the design set; "*Lottie's Poppies*" by *Jenny Haskins*. If you do not already own the set please let the store know when you sign up for the class so they will

know how many to order for the first class as we will be starting with the designs right away. The quilt also uses "*Butterflies for Catherine by Jenny Haskins*". We will only be using 1 design (the Butterfly bfc22) from that set. If you do not want to purchase the entire set, I will stitch your butterflies for you, but you must provide me the stabilizer, organza and the thread to do it. I have arranged the designs we will be using so you can do less hoopings to get them all done faster so you do not have to have the designs loaded on your machine, I will have it for you on a USB stick at the first class. **PLEASE BRING YOUR OWN USB STICK TO COPY THE DESIGNS TO SO YOU CAN START STITCHING ON YOUR OWN AFTER OUR CLASS.** I will also need to know which size hoop you will be using so I can have the designs ready for you. Please let them know either the 6X10 (160X260mm), the 7X11 ¾ (180X300mm), the 7 ¾ X 11 ¾ (200 X300mm) or the 14 X 7 7/8 (360X200mm). This quilt involves a lot of stitching time to complete the designs, but you will have 4 months to complete the inside flowers and 5 months to finish the border flowers in. You will just need to set aside time to **STITCH, STITCH and STITCH**. If your machine requires another file type other than .pes, or your machine can not use a USB stick, please have a way to convert and get the design to your machine at the class and let them know when you sign up which file type and machine you will be using.

Please look through the book and read pages 1 -18, 38-39, and page 42 before the class. I am not kidding!!!!!!!!!!!!!! It would also be helpful if you could have viewed the DVD that comes with the book. I suggest purchasing the book from the store when you sign up for the class so you will be ready.

Bring the following to the first class:

5 yards of organza in a cream color. We will only need enough for several hoopings in the first class.
Rayon Threads for stitching your flowers (see Below for Amounts)
5 Bobbins with bobbin thread already wound on them
Dissolve Magic – enough for several hoopings using 2 layers in each hooping
Embroidery machine with your hoops. Don't forget your power cord.

You will need the following for the rest of the classes:

2011 Embroidered Quilt Starting in February 2011 When Dreams Flower

When Dreams Flower, we will be starting in February. The dates will be the 4th Friday of the month with a few exceptions. Here are the dates so you can save them on your calendars.

February 25th, March 25th, April 15th, May 27th, June 24th, July 22nd, and August 26th

Please let me know as soon as possible if you need me to order a When Dreams Flower Book for you. You must own the book to take the class, but you must also purchase the *Lottie's Poppies Design CD*, I have combined the designs so that there are less hoopings for you and will have these designs available for you in each class plus my extra special instructions with pictures showing you how to stitch everything out, but you need to bring a USB Stick to the first class to copy the design files to.
